Re: Turbo—Dog in the custody and possession of the Stanislaus County
Animal Shelter

Dear Mr. Solish, Ms. Patton & Mr. Cordova:

I was recently contacted by Mr. Michael Christian, a private donor who has taken a great interest in the matter involving Turbo, the dog being held at the Stanislaus Animal Shelter. Mr. Christian discussed with me his desire to support the Stanislaus Animal Shelter—now and in the future. He also discussed with me the existence of a number of animal rescue operation who are willing to take possession of the dog and provide for his future care. I further understand the interested parties are willing to provide an appropriate release, including indemnification and hold harmless provisions. This generous offer of support appears to be a win-win for the shelter and all involved in this matter.

Please contact me to discuss at your earliest convenience.

Sincerely,

Kenneth R. Hedberg
